24. Overview of the entity's material responsible business conduct issues

Material Issue Identified	Indicate whether risk or opportunity	The rationale for identifying the risk/opportunity	In case of risk, approach to adapt or mitigate	Financial implications of the risk or opportunity (Indicate positive or negative implications)
Human Capital Management	Risk and Opportunity	<p>Risk The challenges in attracting and retaining skilled employees may face difficulties in achieving its business objectives, and could encounter problems with productivity and performance.</p> <p>Opportunity Performance can be enhanced through diversity by increasing the overall employee value proposition across the HR value chain including its recruitment, learning & development, compensation and benefits, talent management, diversity and inclusion, and succession practices. This will lead to increased efficiency, innovative problem-solving, enhanced employee retention and a culture of inclusivity and equity.</p>	<ul style="list-style-type: none"> Robust personnel development and management system in place including a comprehensive succession planning program; Career Opportunity Program (COP) to enable employees to apply for their next career move. The "ASCEND Programme" recognises and fosters high potential leaders in middle management; ESG Policy also ensures employee wellbeing and growth. Further it reflects its dedication to an enriching employee experience; The compensation paid is comparable with similar industries; Other flagship campus engagement programs for students to and high-potential junior management leaders; Prioritises creating an inclusive workplace environment that offers equal employment opportunities with competitive compensation and benefits; Maintained a gender-balanced working community inside the organisation; and Key initiatives on inclusive workplace include "Inspiration at work", "Second innings", "Flexi work policies" and "Karuna Fellows". 	<p>Negative The financial risk of inadequate talent management and retention practices in the company can lead to decreased productivity, increased recruitment costs, and potential revenue losses.</p> <p>Positive Enhancing the employee value proposition across the HR value chain will create financial opportunities and contribute to long-term business success.</p>
Data security and privacy	Risk	A lack of sufficient and transparent data security and privacy protocols can cause considerable financial and reputational damage, eroding customer trust and confidence.	<ul style="list-style-type: none"> PEL Group has implemented robust cybersecurity measures, including anti-virus, anti-spyware, firewalls, and off-site data backup. The organisation is committed to constantly enhancing and upgrading its tools and solutions to protect against cyber-attacks and minimise damage. These measures encompass a privacy policy, data privacy impact assessments, cyber insurance and data leakage protection monitoring. 	<p>Negative The cost of cyber security in case of an incident can rise due to expenses related to additional / new technology controls and information security systems. The loss of data or leakage can lead to significant reputational risk.</p>
Environmental Risk Management	Opportunity	Effective risk management, including climate risk, is critical for the long-term financial well-being of the business.	<ul style="list-style-type: none"> PEL Group has established a risk management framework to proactively identify and manage potential risks to the business and mitigate them effectively. It is evaluating measures to integrate environmental risks in its overall framework; and PEL Group is also in the process of conducting a preliminary assessment of its climate risk, based on the Task Force on Climate-Related Financial Disclosures (TCFD) framework. 	<p>Positive Mitigation of potential losses and liabilities, enhancement of reputation and stakeholder trust, and identification of new opportunities in the transition to a low-carbon economy.</p>
Community Development	Opportunity	Community development plays a crucial role in creating an all-encompassing society, as it contributes to enhancing the community's welfare and facilitating their growth and success.	<ul style="list-style-type: none"> Financial literacy training provided in Tier 2 and 3 cities; Social goal of empowering women through providing loans and enabling them to be self-reliant; PEL Group offers competitive interest rates on its MSME secured loans, making it an affordable borrowing option with flexible repayment terms; and The Piramal Foundation's teams execute diverse initiatives that target the most underprivileged communities across India. 	<p>Positive Such distribution capabilities create an opportunity for the PEL Group to cater to a broader customer base, and as a result contribute to the country's progress on achieving financial inclusion at scale.</p>

7	Statement by director responsible for the business responsibility report, highlighting ESG-related challenges, targets, and achievements	At PEL Group's core, it believes that sustainable practices are essential to building a resilient and prosperous future for all. PEL Group has made significant progress in FY 2023 towards integrating ESG considerations into its decision-making processes, policies, and practices. PEL's ESG Policy aligns with its goal of sustainable development and aims to minimise risks and impacts through robust and documented systems. ESG goals include ensuring profitability with ethical, environmental, and social responsibility, mainstreaming ESG practices into business and operations, and getting a head start on emerging ESG issues.								

BUSINESS RESPONSIBILITY & SUSTAINABILITY REPORT

	<p>PEL Group remains committed to continuously improving its ESG performance, meeting the evolving expectations of its stakeholders, and contributing to the greater good. As a technology-led multi-product financial services firm, PEL Group has recognised the importance of digitization and innovation in driving financial inclusion and sustainable growth. PEL Group's sustainability strategy is anchored on four key pillars - impactful growth, social stewardship, resilient technology, and governance excellence. PEL Group believes that these pillars, coupled with responsible business practices, enables it to create long-term value for all stakeholders. PEL Group has engaged in conversations at every level of its business to think, act and take targets in support of equity and the goal of expanding the financial inclusion. Furthermore, PEL Group understands that responsible lending practices are key to maintaining a robust asset quality while achieving growth in its balance sheet size. To this end, PEL Group has implemented a rigorous risk management framework that guides its decision-making and enables us to anticipate and address potential risks proactively. To achieve long-term success, PEL Group must address the non-financial concerns of all relevant stakeholders in addition to delivering favorable results. Therefore, the Sustainability & Risk Management Committee is set up to enhance corporate governance by implementing stricter controls and procedures, facilitate the shift towards a more sustainable economy, and encourage the adoption of technological advancements.</p> <p>PEL Group's commitment to having a positive impact on society and the environment is reflected in its lending portfolio. PEL Group aims to make finance accessible to the economically underprivileged sections of India by offering a wide range of financial products and services that are designed to meet the unique needs of diverse customer segments, including those residing in smaller towns and cities across India. The Company has provided finance to slum rehabilitation projects which has helped in financial inclusion. It is driven by its fundamental belief in the power of technology to transform the way it does business and its desire to be at the forefront of a sustainable world. By combining the best aspects of both its business and values, PEL Group aims to boost its stakeholders' growth and ensure that trust, knowledge, and assistance are readily available to all.</p> <p>Furthermore, PEL Group believes that human capital management is one of the material issues as it is the key to building great performance, assuring continued success, and strengthening its meritocracy culture. PEL Group's approach to talent management has assisted it in grooming future leaders who will accelerate the organisation's journey toward sustainable growth as they assume more responsibilities. For its communities and the broader needs of society, PEL Group also remains attentive to areas where it can direct the talent, innovation, and resources of the group to help create economic opportunity and prosperity in underserved communities where the needs can be greatest.</p> <p>Moving forward, PEL Group remains deeply committed to driving sustainable growth and having a positive impact on society and the environment. 7. Mechanisms to prevent adverse consequences to the complainant in discrimination and harassment cases.

In compliance with regulatory requirements, we have established a whistle blower mechanism and have formulated Whistle Blower Policy ("Policy") in order to provide a framework for responsible and secure whistle blowing/ vigilance mechanism. The policy is guided by the PEL Group's philosophy of Knowledge, Action and Care and will help the PEL Group to maintain and encourage high moral standards, financial integrity, transparency, and good governance in its business dealings.

The Policy provides a channel to directors, employees, customers and all stakeholders to report genuine concerns about unethical behavior, actual or suspected fraud or violation of the Code of Conduct or Policy. In order to maintain highest standards, we encourage all who have genuine concerns about suspected misconduct to be fearless and come forward and express these concerns without fear of punishment for such disclosure or unfair treatment. PEL Group recognises that some breaches can be extremely sensitive and may deter employees from open communication. This Policy also acts as a supplementary channel to normal management hierarchy for all employees irrespective of their position to raise concerns.

The mechanism provides for safeguards against victimisation of whistle blowers who avail of this mechanism and provides for direct access to the Whistle Blower Committee or Investigating Officer / Internal Audit / Independent Firm appointed by the Whistle Blower Committee of the Company. However, this does not release the employees from their duty of confidentiality in their course of work nor can it be used as a route for any Malicious Complaints.

The Policy covers all malpractices and all unethical, illegal or improper activities which have taken place / suspected to have taken place, including but not limited to abuse of authority, negligence causing substantial and specific danger to public health and safety, financial irregularities including fraud or suspected fraud, criminal offence, perforation of confidential / proprietary information, misappropriation of company funds / property, breach of Code of Conduct and any other unethical or immoral or illegal events.

All Protected Disclosures reported under the Policy will be recorded and thoroughly investigated by the Investigating Officer / Internal Audit / Independent Firm appointed by the Whistle Blower Committee of the Company. The decision to conduct an investigation is not an accusation and is to be treated as a neutral fact-finding process. All investigators shall be unbiased both in fact and as perceived. Investigators have a duty of fairness, objectivity, thoroughness, ethical behavior, and observance of legal and professional standards.

The Whistle Blower Committee, after completing its investigation, shall submit a confidential report to the Chairman of the Audit Committee. All such reports of the Whistle Blower Committee shall be placed before the Audit Committee, for its review and recommendations. If the Whistle Blower makes a protected disclosure bona fide and in good faith, which is not confirmed by the investigation, no action shall be taken against the Whistle Blower.

Furthermore, the Company has implemented a strong policy to prevent sexual harassment in the workplace that aligns with the guidelines set forth by the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013. The Company has adhered to the regulations related to the formation of an Internal Complaints Committee (ICC) under this act to address complaints related to sexual harassment. This policy applies to all employees including permanent, contractual, temporary, and trainees.

(iv) Seawater / desalinated water		
(v) Others (Rainwater storage)		
Total volume of water withdrawal (in kilolitres) (i + ii + iii + iv + v)		
Total volume of water consumption (in kilolitres)		
Water intensity per rupee of turnover (Water consumed / turnover) (kl per crore INR of revenue)	Not available	
Water intensity (optional) – the relevant metric may be selected by the entity		

PEL Group's water consumption is restricted to human consumption purposes only. Given that most offices/ branches of PEL Group are present in shared premises, total freshwater consumption is not accounted. Efforts have been made towards reducing the water consumption by installing water efficient taps in washrooms in our corporate offices and monitoring water consumption at all levels to identify areas for improvements.

Note: Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency.

No

4. Has the entity implemented a mechanism for Zero Liquid Discharge? If yes, provide details of its coverage and implementation.

Given the nature of our business, this indicator is not applicable.

5. Please provide details of air emissions (other than GHG emissions) by the entity, in the following format:

Given the nature of the business, this indicator is not applicable.

Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency. No

6. Provide details of greenhouse gas emissions (Scope 1 and Scope 2 emissions) & its intensity, in the following format:

Parameter*	Unit	FY 2022-2023	FY 2021-2022
Total Scope 1 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	tCO ₂ e	62.50	20.65
Total Scope 2 emissions (Break-up of the GHG into CO ₂ , CH ₄ , N ₂ O, HFCs, PFCs, SF ₆ , NF ₃ , if available)	tCO ₂ e	5,620.23	2,363.30
Total Scope 1 and Scope 2 emissions per rupee crore of turnover (in ₹)	tCO ₂ e	0.64	0.31

*The above information is based on actual data of four corporate offices and 337 branches for FY 2023, along with data from three corporate offices and 257 branches for FY 2022. To account for the remaining branches in both financial years, extrapolation was performed using the average of available data.

In FY 2022, energy consumption at offices and branches was significantly lower due to the adoption of a work-from-home model and limited operational capacity and occupancy due to Covid. However, Occupancy increased in FY 2023 & the demerger resulted in the addition of new offices and branches, leading to an upsurge in energy consumption

Indicate if any independent assessment/ evaluation/assurance has been carried out by an external agency? (Y/N) If yes, name of the external agency:

No

7. Does the entity have any project related to reducing Green House Gas emission? If yes, then provide detail:

- The group does not have any specific project. However, the majority of its emission is attributed to electricity (Scope 2) and fuel used in owned vehicles (Scope 1). To address its electricity consumption, the company has installed energy-efficient LED lighting and signage boards. All new branches are also fitted with inverter air-conditioning with R-22 refrigerant to avoid GHG emissions. The PEL Group is internally assessing the potential for efficient equipment and alternative energy sources at branch offices. Further, the deployment of video conferencing technologies has also allowed the PEL Group to reduce air travel of employees and associated emissions. In addition, efforts are being made to transition company activities and processes to digital platforms wherever possible.
- The PEL Group is also actively monitoring emissions, energy consumption trends to identify energy-saving opportunities. It will conduct energy audits at all Corporate and regional offices and branch locations in phased manner and assess the possibility of green building certifications, retrofitting of energy-efficient equipment and appliances across locations and installation of smart sensors to switch on/off lights and other appliances. Based on the baseline, the PEL Group will set targets for reducing absolute GHG emissions (Scope 1 and 2) in the following years, in line with the Science Based Targets initiative (SBTi) requirements.

8. Provide details related to waste management by the entity, in the following format:
