

PRESS RELEASE

Piramal Glass to Showcase its Latest World-Class, Premium and Innovative Range of Glass Packaging Solutions at LUXE PACK, Monaco

- *Invests ~€30 Million to Expand Glass Production and Decoration Capacity at its Manufacturing Site in Kosamba, India*

September 30, 2019, Monaco: Piramal Glass, a global specialist in design, production, and decoration of glass packaging solutions for Cosmetics & Perfumery, Specialty Food & Beverage and Pharmaceutical industries, is participating in **LUXE PACK MONACO**, the premier tradeshow to be held between **September 30 to October 2, 2019**. **Piramal Glass is exhibiting at Booth RA02, Hall Ravel, Grimaldi Forum, Luxe Pack, Monaco.**

At the 32nd Edition of LUXE PACK Monaco, Piramal Glass will showcase its latest range of innovations and designs in sustainable glass packaging for the Premium Cosmetics & Perfumery as well as Speciality Liquor market at the booth. The company’s senior leadership team will be present to meet top global packaging developers, marketing executives, and creative visionaries visiting the tradeshow from across the world.

As part of its continued efforts to enhance its capabilities:

- Piramal Glass has recently invested ~€15 Million to add three new Premium Perfume Bottle manufacturing lines to provide an additional capacity of 50 Million pieces. All the three manufacturing lines are expected to be ready by May 2020.
- It has also invested ~€15 Million to modernize and expand its decoration facility in Kosamba, India by doubling its current capacity with the addition of new automated printing and colour coating lines.

Mr. Vijay Shah, Vice Chairman, Piramal Glass said, “We are delighted to be back at LUXE PACK Monaco. This premier tradeshow offers us a unique opportunity to showcase our extensive portfolio of latest innovations as well as cutting-edge sustainable glass packaging capabilities in the Cosmetics & Perfumery and Speciality Liquor segment. Piramal Glass has one of the largest capacities in this segment with the biggest market share in colour cosmetics, serving 17 of the World’s Top 20 Global Beauty Brands. In line with our aim to expand our global footprint in the Cosmetic & Perfumery segment, we have recently invested ~€30 Million to increase, both our glass production and decoration capacity to support the evolving requirements of our global customers.”

Piramal Glass believes in designing, manufacturing, and promoting the most sustainable packaging-solutions. The company is increasing the usage of more eco-friendly energy mix and recycled glass to reduce the overall energy consumption and carbon emission. Recently, it has developed thin, lightweight glass bottles, further reducing the energy and raw material consumption.

Piramal Glass is committed to deliver continuous value addition, superior quality and unmatched customer service by adopting world-class digitised technology and sustainable best-practices.
