“The specialty beverage team at Piramal Glass USA is looking forward to another successful show at LUXE PACK NEW YORK, this year. The team will exhibit its innovative portfolio as well as new shelf stock proprietary designs and custom bottles. These customized design bottles are manufactured at our glass bottle plant in Park Hills, MO and are decorated/labeled at Williamstown, NJ decoration plant. We are looking forward to welcoming existing and new customers that are seeking an industry leading, trusted and innovative company to manufacture and decorate,” said **Sanjay Tiwari, CEO – Piramal Glass USA Inc.**

About Piramal Glass USA:

Piramal Glass is one of the world's largest and fastest growing glass bottle companies with manufacturing and decorating facilities in the United States, India, and Sri Lanka. Piramal Glass USA, the US subsidiary of Piramal Glass, has a glass manufacturing operation in Park Hills, Missouri, a decoration facility in Williamstown, New Jersey and warehouses on the West Coast in Santa Fe Springs, California; in the heartland of the country in Park Hills, Missouri; and on the East Coast in Dayton, NJ.

Piramal Glass USA manufactures a wide variety of shelf stock and customer designed glass containers for a diverse base of clientele ranging from emerging start-up companies to large multinationals. It also provides various decorating processes to enhance customer's glass containers. The state-of-the-art facilities adhere to the US environmental and safety regulations and customer specific testing methods to ensure a superior product.

About Piramal Glass:

Piramal Glass Private Limited is a global specialist in design, production and decoration of premium glass packaging (flaconnage) equipped with end-to-end glass packaging solutions in over 50 countries under the globally recognized brand name of "Piramal Glass". The company is the largest specialty glass player in Asia and one of the fastest growing companies in the world. It is a one-stop-shop for glass packaging solutions across Pharmaceutical, Cosmetics & Perfumery, and Specialty Food & Beverage businesses. With best in class manufacturing facilities and configuration of technology, design, and layout, Piramal Glass aims to meet and exceed its customers' expectations. The Company aspires to become the world's most preferred supplier of glass flaconnage through continuous value addition, superior quality and unmatched service.
