MESSAGE

It is heartening to learn about the celebrations to mark the Piramal Foundation Day on July 27, 2022. During the last 15 years, the Foundation has made committed efforts to serve the society and the nation.

Piramal Foundation's guiding philosophy of *Seva Bhaav* draws inspiration from our rich traditions and ethos of care and compassion. The organisation's positive interventions in health, education and social sector with the spirit of "Doing Well and Doing Good" are inspiring.

During the last 8 years, our government has been steadfast in its efforts to further inclusive growth through holistic measures in various sectors. Our developmental efforts at unprecedented speed and scale are focused on bringing about a positive transformation in the lives of people.

As we are celebrating 75 years of India's independence, this period of the *Amrit Kaal* is the best occasion for *Sabka Prayas*. We have to give more impetus to our efforts and link our efforts with the resolutions of the nation, to realise the vision of building a new India. In this context, valued stakeholders add strength to our endeavour for all-round and all-inclusive development.

The Foundation Day is an occasion to draw inspiration from the achievements of the past and prepare a roadmap for the future. It is also a day to dedicate our efforts with renewed vigour. May the celebrations fill every member of the Foundation with a new dynamism to serve the society, particularly the poor and the disadvantaged.

Best wishes for all success of Piramal Foundation Day.

(Narendra Modi)
